| SMVA63               | -               | M63      | 63             | 1           |

## EM V4A

| Art. Nr.<br>art. no. | Länge<br>length | NW<br>DN | AD mm<br>OD mm | VPE<br>unit |
|----------------------|-----------------|----------|----------------|-------------|
| EMX16                | -               | M16      | 16             | 25          |
| EMX20                | -               | M20      | 20             | 25          |
| EMX25                | -               | M25      | 25             | 10          |
| EMX32                | -               | M32      | 32             | 10          |
| EMX40                | -               | M40      | 40             | 5           |
| EMX50                | -               | M50      | 50             | 5           |
| EMX63                | -               | -        | 60             | 1           |

**Eigenschaften**  
Steckmuffen für die Elektroinstallation gemäß  
IEC EN 61836.

**Properties**  
Couplings for electro-installation according to  
IEC EN 61836.
